## Weekly Lunch Menu

Monday 1/25	Tuesday 1/26	Wednesday 1/27	Thursday 1/28	Friday 1/29
Pancakes w/Sausage OR Yogurt Pak W/ Bagel	Hot Dog OR Cheeseburger	Chicken Nuggets OR Macaroni & Cheese	Beefy Nacho OR Chicken & Cheese Quesadilla	Cheese Pizza OR Pretzel Pack

### Dressing for the Weather

Please remember that we go outside for recess. Students should have a coat, snow boots, snow pants, hats, and gloves!

### Face Masks

Please send your student with an extra face mask. When students go out to recess, their face mask sometimes get wet. It is nice for them to have an extra mask for comfort. We don't want them to continue their day with a wet face mask. The front office does supply new masks, but we are sure they would be much more comfortable with a mask from home. Thank you.

### Lost and Found

Is your student missing sweaters, shoes, or other pieces of clothing? Please have your student check the lost and found located just outside the front office.

### COVID-19

If a student or a family member has been diagnosed with COVID-19 or have been deemed a close contact of COVID-19, please follow the direction given to you and your family by the health department. If you have any clarifying questions, please reach out to the health department, or you may contact the district nurse at 262-424-2868. Please see the attachment with new CDC guidelines.

Hello Bulldog families,

I would like to share that we will be holding our 4K and 5K Orientation on Tuesday, February 9, from 5:30 p.m. to 6:30 p.m. This will be a virtual event. The focus of the event will be to share enrollment information, including open enrollment requirements for the 2021-2022 school year. Please share this message with family and friends. Meeting details will be shared as we get closer to the event.

Recently, we have been contacted by the Town of Waterford Police Department regarding vehicles backed up on Hwy 164 and Denoon Road during afternoon pick-up. This presents a safety hazard for you, our families, and drivers on these roads. We want to remind you to use the main parking lot in the front of the school as a second option for picking up your child(ren). This will create two lines, one on the Denoon Road and one in the lot. We appreciate your understanding.

Lastly, please look for your child's report card as they will be coming home today. Your support of your child's learning is critical to their success.

Take care,

Kevin McCormick  
Superintendent/Principal

January 6, 2021

On December 2, 2020, the CDC issued new options on quarantine for COVID-19. Local public health authorities, such as the Central Racine County Health Department determine and establish the quarantine options for our jurisdiction. CDC currently recommends a quarantine period of 14 days. However, based on local circumstances and resources, the following option to shorten quarantine is an acceptable alternative.

- **Quarantine can end after Day 10 without testing and if NO symptoms have been reported during daily monitoring.**  
**Persons can discontinue quarantine at these time points only if the following criteria are also met:**
    - **No clinical evidence of COVID-19 has been elicited by daily symptom monitoring during the entirety of quarantine up to the time at which quarantine is discontinued; and,**
    - **Daily symptom monitoring continues through day 14; and,**
    - **Persons continue to adhere strictly through day 14 to all recommended non-pharmaceutical interventions (NPIs, a.k.a. Mask wearing, hand hygiene, social distancing), especially.**
    - **If any symptoms develop, the person should immediately self-isolate and contact the local public health authority or their healthcare provider to report this change in clinical status.**
- \*\*\*Daily symptom monitoring for COVID-19 illness both during quarantine and after its discontinuation through Day 14 is the responsibility of the parent/guardian.**

“With this strategy, residual post-quarantine transmission risk is estimated to be about 1% with an upper limit of about 10%.”(*Options to Reduce Quarantine for Contacts of Persons with SARS-CoV-2 Infection Using Symptom Monitoring and Diagnostic Testing* 2020).

Quarantine Definition: “Quarantine is used to separate someone who might have been exposed to COVID-19 and may develop illness away from other people. Quarantine helps prevent spread of disease that can occur before a person knows they have the virus” (*Options to Reduce Quarantine for Contacts of Persons with SARS-CoV-2 Infection Using Symptom Monitoring and Diagnostic Testing* 2020).

When students are called in by a parent or guardian as “self-quarantine” (not actively infected with COVID-19), the attendance office staff will code the student for an absence length of ten days since the last contact with the positive covid case. (Last day of contact is Day Zero. Day Ten is a “through” day. Day 11 a person may return to normal activity).

Parents and Guardians will have the option to keep their student home for a 14 day quarantine if they chose to without penalty. It will be the responsibility of the parent to notify the school attendance office of the additional days out (4 days). Persons can continue to be quarantined for 14 days without testing per existing recommendations. This option maximally reduces risk of post-quarantine transmission risk and is the strategy with the greatest collective experience at present.

These recommendations are based on the best information available in November 2020 and reflect the realities of an evolving pandemic. The CDC, Wisconsin DHS, Wisconsin DPI and our local health department, will continue to closely monitor the evolving science for information that would warrant reconsideration of these recommendations.

# Health Screening Checklist

## COVID-19 Health Screening Checklist for CHILDREN

Person conducting screening should maintain 6 feet of distance from child while asking questions. Questions should be posed to parents of small children; children old enough to understand and answer for themselves may be asked directly. Tool intended to assist programs to screen for COVID-19, but should not replace other communicable disease screening tools or protocols for school programs.

### Part 1

	YES	NO

**If YES to 2 or MORE questions in Part 2, child should be sent home.**

**If YES to 0 or 1 question(s) in Part 2, child may remain at facility.**

#### Child to be sent home

- Record child's name, symptoms, and the date symptoms started in your illness log/line list.
- Child should be **immediately sent home** to isolate and should be tested for COVID-19.

#### Child may remain at facility

Child should wash (or sanitize) hands before having contact with other children or staff.

▲Vomiting, diarrhea, and fever—alone or together—should exclude a child from school. However, they do not necessarily indicate the need to test for COVID-19 or for COVID-19 isolation.
